Comments from a few satisfied customers...

"I truly mean this – you and your company have been the most professional and pleasant to deal with. I deal with hundreds of vendors, and I can still say you are on the top of my list."

CASEY GORTON
Fastenal at Taylor Business Center

"I wanted to take this opportunity to personally thank you for the sign for my company. I am impressed with the quality and design of it. It more than exceeded my expectations."

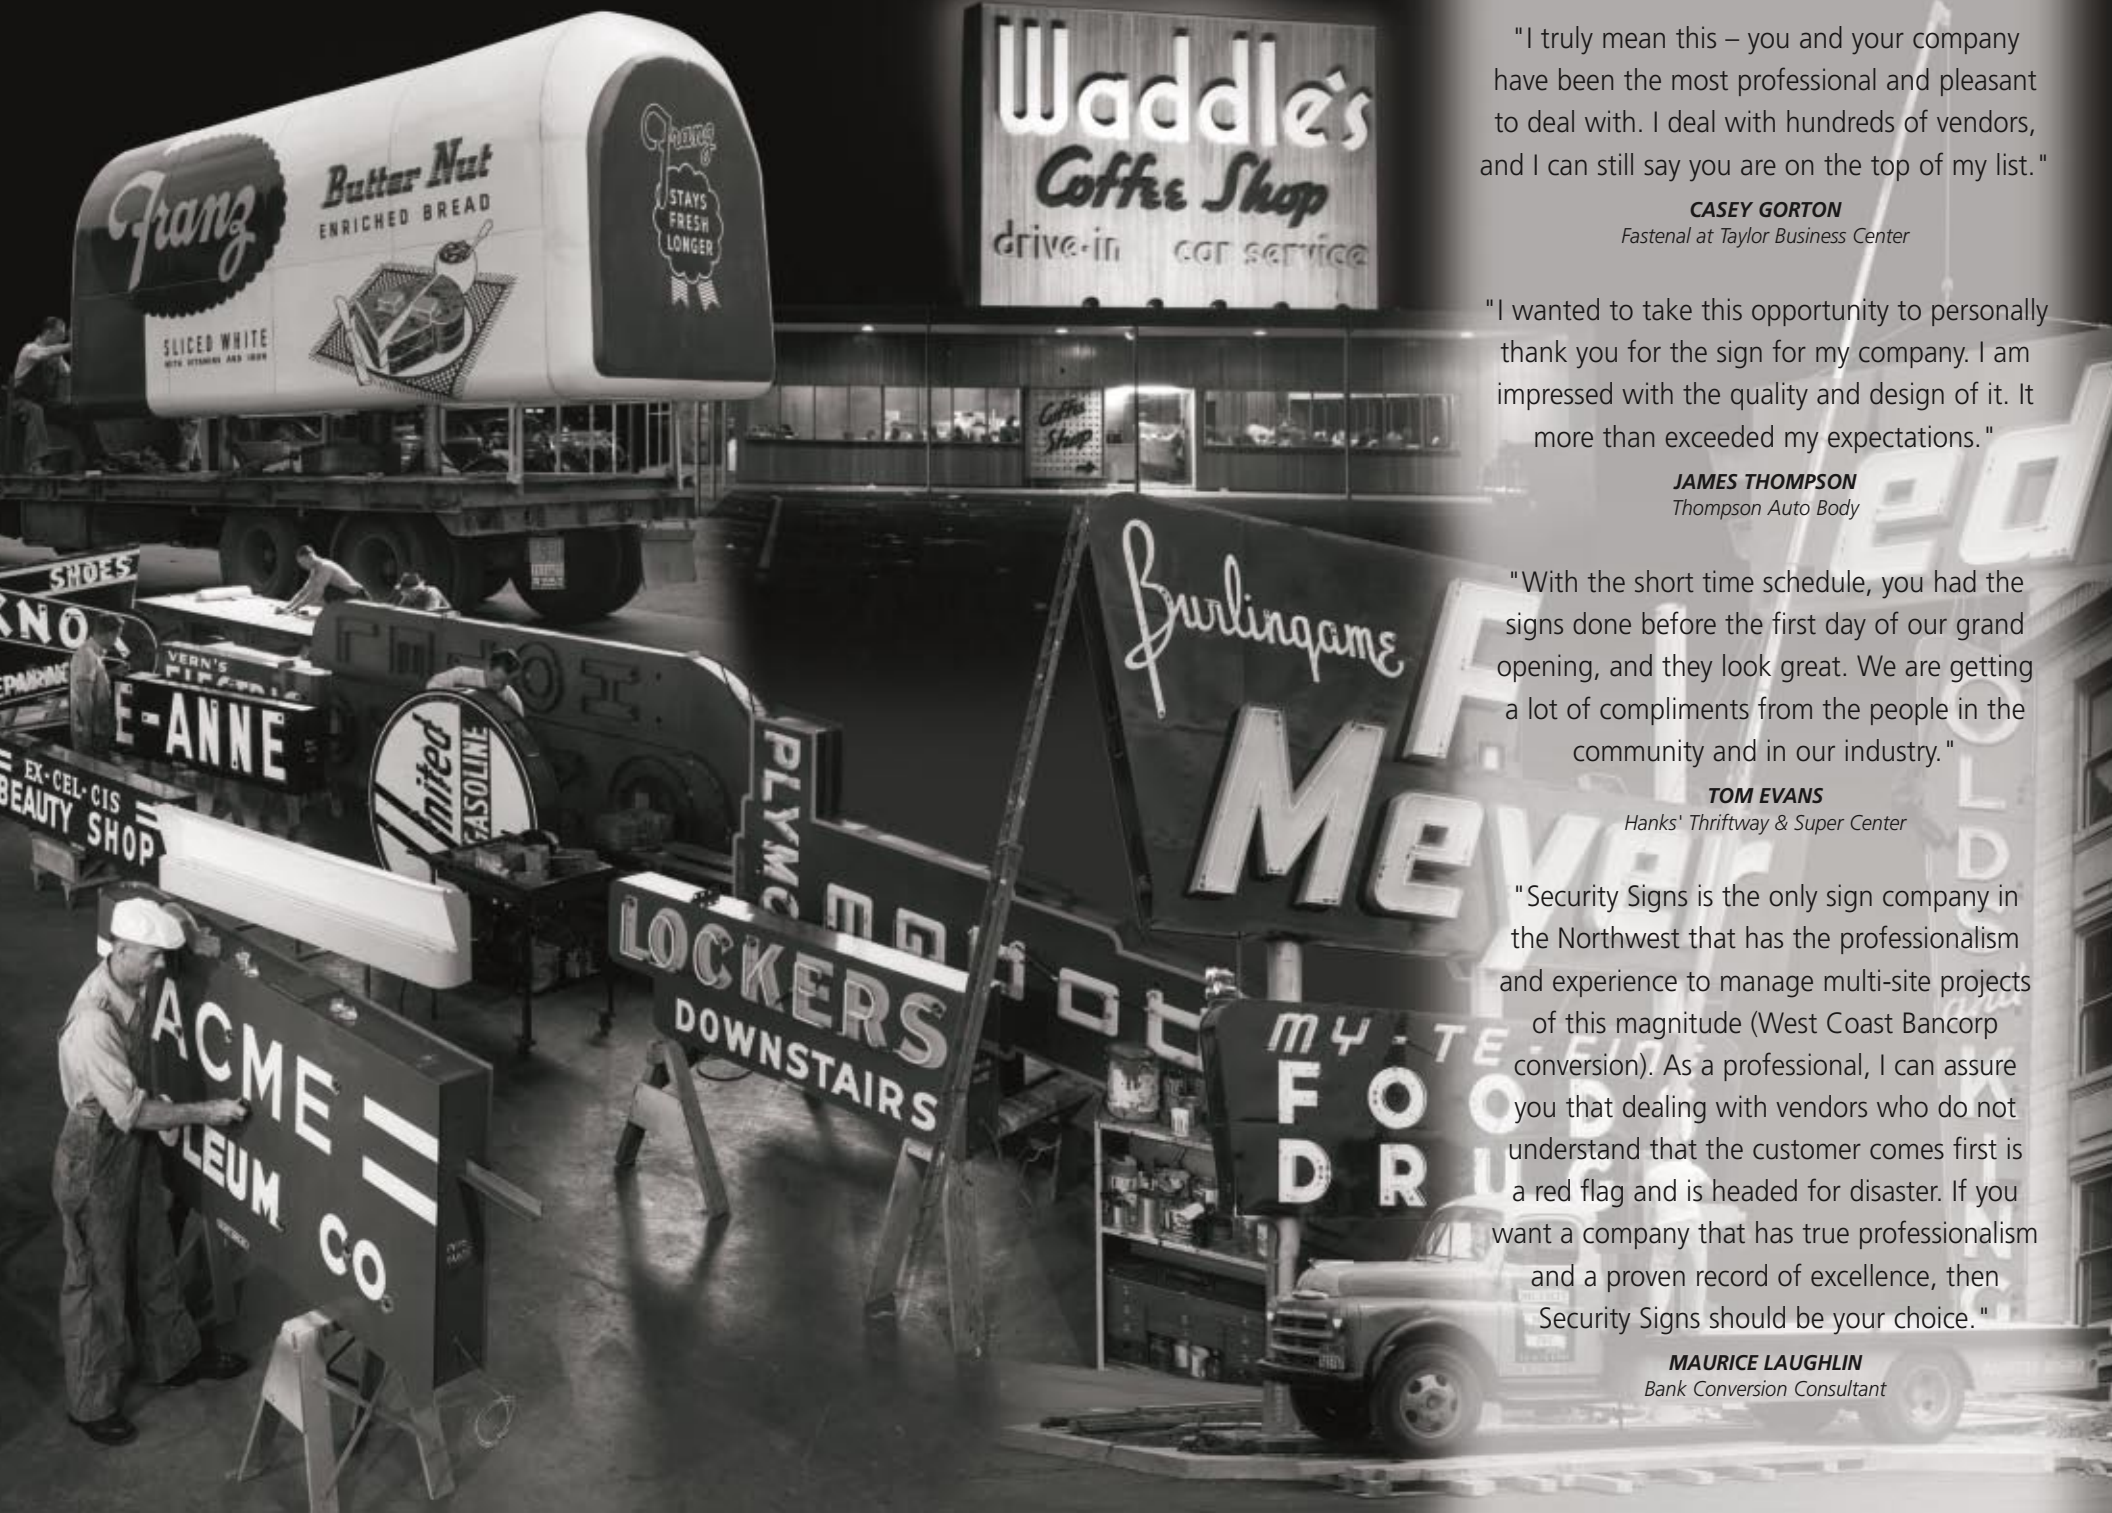

JAMES THOMPSON
Thompson Auto Body

"With the short time schedule, you had the signs done before the first day of our grand opening, and they look great. We are getting a lot of compliments from the people in the community and in our industry."

TOM EVANS
Hanks' Thriftway & Super Center

"Security Signs is the only sign company in the Northwest that has the professionalism and experience to manage multi-site projects of this magnitude (West Coast Bancorp conversion). As a professional, I can assure you that dealing with vendors who do not understand that the customer comes first is a red flag and is headed for disaster. If you want a company that has true professionalism and a proven record of excellence, then Security Signs should be your choice."
